

Yuean Wang

Mathematical Sciences and Statistics (Applied) Student
At the University of Toronto, Mississauga

I work patiently, consciously, efficiently, and leave no stone unturned on all tasks assigned in school and at work. With my specialized areas learned at the university, mathematics and statistics. I have a strong passion for honing my data visualization skills. I always integrate and handle work with logic perpetually. Also, always seeking multiple ways to solve problems along with innovation. Additionally, being a native Mandarin speaker and fluent in English, I leverage this advantage to facilitate communication for those less familiar with the language.

Work Experience

Associate Application Consultant (Hybrid Cloud Transformation) Intern, IBM
(Taiwan) — Jul 2023- Aug 2023

Responsible for a micro-service system construction case for retail industry.
Holding user story meetings as a system analyst. Documenting meeting minutes.
Analyzing customer needs and their business logic. Collecting and sorting current system data for the new system to be built.

Assistant Teacher and Administrative Assistant, Alexander Academy (Taiwan) — Feb 2020 - Nov 2020
